**Statement on the Health of State Counsellor Daw Aung San Suu Kyi of
the Republic of the Union of Myanmar**

8 September 2025

The National Unity Government expresses its grave concern regarding the health of State Counsellor Daw Aung San Suu Kyi, who remains unlawfully detained by the terrorist military. According to her son, Ko Htein Lin (also known as Kim Aris), Daw Aung San Suu Kyi is suffering from a serious heart condition and is being denied access to adequate medical care.

The junta's deliberate refusal to provide the urgent and effective medical treatment she requires constitutes a politically motivated threat to her life. The terrorist military must bear full responsibility for any consequences that may arise.

The National Unity Government urgently calls upon the United Nations, ASEAN, neighbouring countries, and the wider international community to take immediate and effective action to pressure the terrorist military to secure the prompt and safe release of all political prisoners, including State Counsellor Daw Aung San Suu Kyi, in line with the aspirations of the people of Myanmar.
